### Charm++ - Bug #2062

**Don't force -lcudart just because cuda.h was found during configure**

03/27/2019 11:11 PM - Jim Phillips

**Description**

If CUDA supposed is detected by configure it not only builds the CUDA features, but also modifies the link options for programs that do not use Charm++ CUDA support to include -lcudart, such that even CPU-only binaries cannot run without CUDA installed.
